

ZIPPER

# BACK

5.375" Wide x 8" Tall

#### Bleed

Any elements that stop at the edge of the document must extend into the 'bleed area', 1/16", past the Trim on all sides. To account for our tolerance, any color or graphics that stop at the fold, must extend 1/16" onto the bottom gusset.

#### Trim

Where the bag will be cut.

#### Safe Area

We recommend important text and graphics remain inside the green lines to avoid being trimmed or folded.

#### Fold

Where the bag will fold.

#### Heat Seal

Color variation can occur in heat seal areas.

#### Cut Tolerance

To account for our cut tolerance, we recommend the design match from one side of the bag to the other.

# BOTTOM

3" Gusset

- to simply save the file to the size of this template.
- to **SAVE** as either a **.ai** (preferred format when saving from illustrator) or a **Print Quality .pdf** (when saving from other software programs).

- that your artwork is **NOT** on the same layer as the template and then either **TURN OFF** or **DELETE** this template layer.

#### WHEN SAVING THE FILE FOR PRINT, PLEASE ENSURE...

- review the legend below to understand what each colored line represents.
- review our artwork guidelines at [www.roastar.com/artwork/specifications](http://www.roastar.com/artwork/specifications)
